Title: A Letter to the Orcs

Author: Zelphar the Elf

Despite my initial
misgivings, you Burggs and
Ggrubs have performed
admirably.

I admit, they have been
pursuing us relentlessly. I
didn't expect them to try
information gathering and
bribery in your ancestral
caves, as opposed to a
full assault. But whatever
they learned, it is of no
matter.

After tonight, I'll know
everything I need to
about how to fulfill the
Prophecies. The Blood God
shall be set free.
